TORTURE OF ISRAELI POWS

15. The US Embassy in Amman relates an alleged Syrian denial that Damascus has been torturing Israeli prisoners. Rather, the Syrians charge, it has been the Moroccan forces, who reportedly suffered high casualties during the fighting, who are guilty of torture and even of mutilating dead Israeli soldiers.

by some five percent over that already in effect.

ITALY: RELEASE OF TERRORISTS

16. An Italian Foreign Ministry official has confirmed the release of two Arab terrorists that were seized while preparing to shoot down an Israeli airliner near Rome last summer. The other three plotters are also likely to be released, he said. When arrested,

the five men had SA-7 Strela rockets--reportedly received through the Libyan diplomatic pouch--which they allegedly planned to fire at an El Al airliner approaching Rome airport.

UNITED NATIONS

- 17. The General Assembly's finance Committee will consider this week plans for funding the UN Emergency Force (UNEF). There are no available funds and without a special UNEF assessment the peace-keeping operation could be threatened, as some of the states now preparing to contribute troops want assurances that the UN will pay the salaries and expenses of their units.
- 18. The USUN Mission has found little support for the progosal that UNEF costs be apportioned among UN members according to the regular scale of assessments. A Brazilian proposal, which appears to be gathering support among the less developed countries (LDC), would assess Security Council members for 70 percent of the total costs; the US and USSR would contribute 50 percent between them. Developed states that are not permanent Council members would accept 28 percent of the costs and LDCs would contribute the
